DEPRESSED BY ACCIDENT.

Fred Brown of Post Mills Committed
Suicide Yesterday.

Lyme, N. H., June 29.—Fred Brown, aged 35 years, committed suicide at Post Mills, Vt., yesterday by taking poison. What led to the act was an accident which occurred last Sunday.

On that day Mr. Brown took his wife and three children and drove to his former home in Orford. He started home, al on the way the party were thrown from the team. One child was so badly injured that it will die.

It was the man's depression over this child's condition that caused him to commit suicide.

TON OF DYNAMITE EXPLODED.

Nine Men Killed and Over Dozen Injured
at Emporium, Pa.

Emporium, Pa., June 29.—Nine men were killed and from twelve to fifteen others were injured by an explosion of dynamite yesterday at the plant of the Emporium Powder company, three miles west of this place.

About one ton of dynamite exploded from some unknown cause and wrecked the mixing plant, the packing house and several other buildings belonging to the company. The explosion was terrific and was felt for miles around. Thousands of persons hurried to the place, but were afraid to venture close to the burning buildings, as there were 7000 pounds of dynamite packed in boxes in a storehouse nearby.

After the buildings had burned a search for the dead was instituted. The bodies of Halderman, Frantz and Hildcomb were found under the ruins of the box factory in which they were employed. Their bodies were badly charred. The other six men were blown to pieces, as portions of their flesh was found in different parts of the works and on the hillside.

WITH THE CREWS
ON THE THAMESFavorable Weather for Races Between
Harvard and Yale Today—Har-
vard Won Varsity Four
Race.

New London, June 29.—Ideal weather favored the boat races on the Thames today. Large crowds assembled in the morning, and more continued to come by every train. The Varsity fours and the Freshman eights rowed this forenoon, and the Varsity eights this afternoon.

Yale is generally picked to win the Varsity race, and has ruled as the favorite, two to one, for several days. Harvard is a slight favorite in the Freshman eight race, while the betting is about even on the Varsity four.

The morning races were rowed down stream, and it was not until this afternoon before deciding how the big races should be rowed, the wind conditions to govern.

The Varsity four race was won by Harvard by a length and a half. The official time was: Harvard 11:22, Yale 10:14.

Harvard also won the Freshman eight race by one length. As the winning crew crossed the finish line the Harvard stroke collapsed. The second and third oars in Yale's boat were also in bad shape.

The official time was: Harvard 9:59, Yale 10:4.

In the four oared race Yale led for nearly a mile, but Harvard passed her and won handsomely. In the Freshman race Harvard led from the start to finish. Both races were for two miles.

With Daylight Robbery.

Burlington, June 29.—Arthur Prince, a colored man, was arrested by the sheriff department yesterday on the charge of committing daylight robbery and theft of \$165 at the J. J. Kennedy store Tuesday during the parade at the Robinson circus.

Prince is in the employ of Charles C. Niles, and drives one of his trucks. His arrest is the result of the investigation by the sheriff department yesterday morning. One of the deputies was looking over the store where the robbery was committed and he thought from the circumstances that it must have been committed by a person acquainted with the interior of the place and one who knew the dog who was tied near the place when the theft was committed.

A SUMMER RECESS.

State Tuberculosis Commission Will Sus-
pend Meetings Until September.

Burlington, June 29.—The State tuberculosis commission has no plan of work mapped out for the summer months but according to Henry Ballard, one of the members, the commissioners will speak whenever called upon to do so.

Mr. Ballard said yesterday that the commissioners had a great amount of work to accomplish before December but owing to the fact that farmers would be very busy during the next two months it was thought best not to hold meetings unless requests were received. After September 1 the commissioners will arrange a programme and every county in the State will be visited at least once and in some several meetings will probably be held.

The result of the tuberculosis exhibit here at the school of instruction for health officers was satisfactory as it created an unusual degree of interest among the health officers and the commission believes that the health officers can do much to instruct the people in regard to tuberculosis and thus aid the commission in its work.

WON'T LET THEM ESCAPE.

Gaynor and Greene Are Being Very
Closely Guarded.

Montreal, June 29.—Extraordinary precautions are being taken by the authorities to guard Gaynor and Greene, the American contractors who it now appears must return to the United States to face the charge of defrauding the government. Orders were received yesterday by Jailer Vallee, from the attorney-general instructing him to carefully guard the prisoners and to engage extra guards if they are needed. Governor Vallee thinks there is no danger of the prisoners getting away, but he is taking no chances and notices have been posted for the guards to report any suspicious signs and great care is exercised in admitting visitors or allowing them to converse by the guards in that particular section of the jail.

WILL TAKE CENSUS.

Montpelier Wants to See How She Is
Growing.

Montpelier, June 29.—The committee appointed from the city council to investigate the matter of taking a census of the city reported favorably last evening. The report was accepted and the matter was left with the committee with power to act. Charles De F. Bancroft offered to do the work for \$160 and the job will probably be let to him.

In view of the approaching centennial celebration and of the fact that the city has just completed ten years of corporate existence, this census of the city seemed advisable. The council expressed itself as opposed to including religious preference in the questions to be asked by the enumerators.

TRIALS ALL THIS WEEK.

Court Failed to See Why Susan J. Bean
Should Get Bill from John Bean,
Who Had Courted Three
Weeks.

Chelsea, June 29.—The divorce calendar occupied the attention of Orange county court during this week up to the time of final adjournment, during which time the following cases were disposed of:

Viola S. Morrill vs. Will T. Morrill. Bill granted for intolerable severity.

Martha E. Burnor vs. Middle Burnor. Bill granted for wilful desertion, and the petitioner was granted the right to assume her maiden name of Blake.

Andrew Q. Ordway vs. Ella J. Ordway. Bill granted for adultery.

Bell Worthen vs. Willard Worthen. Bill granted for wilful desertion and the petitioner granted the right to resume her maiden name.

Arthur B. Cowdrey vs. Cora C. Cowdrey. Bill granted for wilful desertion.

Alice M. Abar vs. Seward J. Abar. Bill granted for wilful desertion; minor child decreed to petitioner.

Martin G. Townsend vs. Josephine E. Townsend. Bill granted for adultery.

Mary A. Titus vs. Raymond Titus. Bill granted for intolerable severity, and petitioner has leave to resume her former name of Pollard.

Alta M. Hollis vs. Frank Hollis. Bill granted for intolerable severity.

Albert G. Barnes vs. Ellen M. Barnes. Bill granted for wilful desertion.

Clara L. Crain vs. Fred W. Crain. Bill granted for refusal to support.

William H. Richardson vs. Catherine J. Richardson. Bill granted for wilful desertion; care and custody of minor child, Victor, decreed to petitioner.

Charles F. Weeks vs. Ida Weeks. Bill granted for wilful desertion.

Lulu M. Chase vs. Harry R. Chase. Bill granted for wilful desertion; care and custody of minor child decreed to petitioner.

Susan J. Bean vs. John Bean was the only contested divorce case, and the many interesting features of the case as portrayed from the witness stand clearly revealed some of the great uncertainties of life. The matrimonial felicity assured and promised by Cupid during a close acquaintance and courtship of three weeks was transformed into a blissful and living reality by Hymen. Following the nuptials, the happy twain of nearly seventy New England winters respectively, sailed merrily down the stream of life, until the hitches started.

After hearing the testimony and reviewing the case the court dismissed the petition without prejudice. As the curtain fell the expression of disappointment upon the faces of this unfortunate old couple behind the foot lights, was noticeable.

VERDICT AGAINST RYEGATE.

Livermore T. Bailey Gets Damages of
\$1,600 and Costs.

South Ryegate, June 29.—The case of Livermore T. Bailey vs. the town of Ryegate, which has been on trial the past ten days, was decided last night by a verdict for Bailey of \$1,600 and costs. This was a case for damage to a wagon with his wife, near O. H. Benfrew's. Mr. Bailey was hurt very badly at the time, and it was considered doubtful if he lived at the time, but he recovered and got to be quite smart. He claimed it was a defective road that caused the accident, and the town tried to show it was the result of the horse becoming unmanageable. A great many witnesses were called on both sides and the cost will be quite heavy. Dunnett & Lamson for Bailey and R. M. Harvey for Montpelier and Hill & May for the town.

CLOSED WITH RECEPTION.

Goddard's Commencement Was Ended
Last Evening With Enjoyable Occasion.

Commencement at Goddard closed last night with the annual reception to which the friends of the school were invited. After a brief reception the grand march was formed with Principal Hollister and the preceptors, Miss Isham, leading. A long column of merry-makers wound about the hall, and then the dancing was started. Gilbertson's orchestra furnished music for an order of twelve dances.

Practically all the students have gone to their homes.

Dr. B. W. Braley Is Still a Trustee of
Goddard Seminary.

The trustees of Goddard seminary, at a meeting held yesterday afternoon, reconsidered its action in electing Frank A. Knight of Westmoreland, N. H., to succeed Dr. B. W. Braley, as they found that the vote the day before was illegal. They voted to elect Mr. Knight as a trustee in place of A. W. Dana of Topeka, Kansas. Dr. B. W. Braley remains as a member of the board of trustees.

THORPE—CUMINGS.

Lisbon, N. H. Young Man Comes to
Barre for a Bride.

One of Barre's favorite young ladies, Lucy Francis Cumings, daughter of the Rev. and Mrs. E. Wilcox Cumings, was claimed as a bride by Jesse Leroy Thorpe of Lisbon, N. H., last evening, the ceremony being performed at eight o'clock at the bride's home on Jefferson street by the Rev. Mr. Cumings. A party of fifty was present to witness the ceremony and to give the happy couple a hearty send-off. The decorations were in green and white, the colors of Dartmouth College, of which institution the groom is a graduate in the class of 1905. The bridal couple stood before a bank of daisies and ferns.

James A. Howe of Lynn, Mass., also a Dartmouth graduate, played the wedding march, as the bride party entered the room, with the Rev. Mr. Cumings leading, followed by the bridesmaid, Miss Bessie V. Wheatley of Melrose, Mass., and the groomsmen, Burton D. Thorpe, a brother of the groom who is a student in Dartmouth. The bride was groomed in white French muslin and carried bride's roses. Miss Wheatley, the bridesmaid, wore Nile green muslin and carried pink roses. The ushers were Masters Paul and Philip Gordon, Theo Whitehead and Gordon Presette.

After congratulations had been extended to Mr. and Mrs. Thorpe, light refreshments were served. Those chosen by the bride to serve were girl friends, Alice Pope, Belle Chandler, Mary Hunter, Helen Brown, Bernice Darling and Helen Marsh.

Mr. and Mrs. Thorpe have gone for a two weeks' wedding trip to the Maine coast, after which they will reside in Lisbon, N. H., where the groom is a partner in a large department store. The best wishes of a large number of people go with them, as the bride has a host of friends hereabouts. She was graduated from Spaulding high school in the class of 1895, and since that time has been engaged in teaching in the city schools of Barre. The bridesmaid was a school friend of the bride at Spaulding, and James Howe, who played the wedding march, was a member of the same class.

ACCEPTED
THE BILL.Quarry Workers Had a Big
Meeting Last Night.

AGREEMENT FOR 3 YEARS

Will Be Signed Today by the Secretaries
of the Two Organizations—More
Than 800 Workmen
Attended.

The Graniteville Quarry Worker's branch at a largely attended meeting in the East Barre opera house last night, voted to accept the proposed agreement which had been drawn up by their conference committee and the committee of the Quarry Owners' association last Monday night. The decision was reached, only after a discussion of over two hours, and by a margin of 21 votes. There were about five hundred members of the union present.

The new agreement covers the following points:

Average pay of 25 cents an hour. No discrimination clause cut out, making straight union jobs.

Time and a quarter for overtime. No blasting during the noon hour. (Many of the men eat their dinners at the quarries, and at cry of "Fire" when blast is to be set off, they have to run for safety.)

When blasts are to be set off time is given to allow men to get to safe places, before fuse is touched.

Engineers in charge of boilers get pay for full time, and are also paid for washing boilers (regular average pay is 25 cents).

Men to be paid regularly, pay to be held back not more than five days. Agreement to run for three years, to March 1, 1908.

Pending settlement of differences there shall be no strike or lockout.

The draft of the proposed settlement was vigorously discussed pro and con last night by many of the members. Edward Wark was the chairman of the meeting. The secretary of the branch is W. P. Pinkham. International Secretary P. F. McCarthy was present and advised the men to be deliberate in their action and telling them what a strike would mean. The secretary's counsel, with that of others, finally prevailed after more than two hours' discussion, and the vote was taken to accept the settlement.

The bill of prices is the result of several conferences between the committees of the two organizations, the last one having been held Monday evening. The quarry owners had authorized their committee to take final action for them, and consequently the new bill will not have to go before that body for ratification. This is the second agreement ever entered upon by the quarry workers and the owners. The first one was made three years ago, and will expire tomorrow night. The new bill is a considerable improvement for the men, in that there is now entire recognition of the union.

The bill will now be signed by the secretaries of the two organizations, William Barclay, Jr., for the owners, and W. P. Pinkham for the union. The two committees which had charge of the drawing up of the bill were: For the owners, H. J. M. Jones, George B. Milne, James M. Boutwell, James Pirie, John McDonald, Charles Marr, and Donald Smith; for the union, John McWilliam, Frank Finnegan, Edward Wark, W. P. Pinkham, Roland Allen, Michael Hughes and James Stott. International Secretary McCarthy was a member at the request of the union.

There are now 819 members of the Graniteville Branch of the Quarry Workers' Union. That branch has been making remarkable gains during the past year, as, in fact, has the entire union. Under the conditions, it is probable that no union has made a proportionate gain. The only labor trouble which the International union has on hand is a small trouble with the Raymond Granite company, of Raymond, California.

With City on Necessity of Paving.

But Objected to Manner
of Assessment.

The street committee gave a hearing at the city council chamber yesterday afternoon on the proposed extension of paving on North Main street. Only two abutters appeared, O. C. Sheplee and O. H. Hale. Both objected to the method of assessing the abutters for a portion of the cost, expressing the opinion that it should be paid for by general taxation, but agreed to the necessity of having something done to the street. J. P. Lamson was also present but declared he represented no one and had nothing to say.
